A single contact to assist you with the development of your business.

To facilitate the location and development of your business in Vélizy-Villacoublay, the Town Council's Department of Economic Development, Employment and Transport is your key contact to assist you with your projects and routine matters in the town. The council is at your disposal to make various actions easier for you:

- Finding premises
- Operational assistance with company locations (linking public services and real estate professionals)
- Providing relevant information (business development aid schemes, the town's infrastructures and services, transport, housing, etc.)
- Connecting you with the appropriate authorities and partners to assist with your development and improving your day-to-day environment (transport, highways, etc.)
- Support for recruitment (placing your job offers online, placing job requests online, matching offers and requests, etc.)

The Vélizy-Villacoublay Town Council Department of Economic Development, Employment and Transport is the interface between the town's services and your company, at your disposal to inform you about the town's projects and services available for both your company and your employees.
