

Inovel Parc

Inovel Parc

The municipality of Vélizy-Villacoublay is characterized by an exceptional concentration of innovative high-tech companies. An integral part of the Cluster of the Paris-Saclay Operation of National Interest and benefiting from a high-quality technological university center, it brings together all the assets of a center of excellence.

This is why the city wanted to enhance its economic potential and endow its business with a strong identity, like its businesses and the dynamism of the municipality.

Vélizy-Villacoublay at the heart of innovations

Vélizy-Villacoublay is a major economic hub in the west of Paris, with a total of 43,000 employees. It is only 10 kilometers from Paris (via the RN 118) and 20 minutes from Orly International Airport (via the A 86). 1000 companies. With the commissioning of the Châtillon-Montrouge tramway > Viroflay, which connects the city to the Paris metro, our city has a major advantage.

Vélizy-Villacoublay, a stakeholder in the National Massy - Versailles - Saclay-Saint-Quentin-en-Yvelines operation, is a player in the development of a genuine network of exchanges between public and private laboratories, higher education and competitiveness clusters (Medicen, System @ tic and Movéo).

Characterized by a strong dominance of activities related to the automotive sector on the one hand and high technology on the other (information and communication technologies, aeronautics / defense, electronics, IT), it is a city Forward-looking and innovative.

Among the 1000 companies that have chosen Vélizy-Villacoublay :

Alfan, Audi, Bouygues Telecom, BMW-Mini, Carmat, Dassault Systemes, Eiffage, Hitachi, Jungheinrich, Porsche, PSA Peugeot-Citroën, Safran Landing Systems, Thales ...

With Vélizy-Villacoublay offering a diversified range of properties, it can host head offices, multinationals, SMEs, merchants and craftsmen. The building stock is renewed by opportunities for restructuring sites and building programs under construction.

An exceptional environment for your employees

Do you know that a third of the city is covered with a state forest? To this is added 65 hectares of public green spaces, squares, parks and gardens, which the commune maintains at the highest level enabling it to be listed on the national list of floral cities.

Moreover, the city has one of the most important commercial mergers of Europe with its three regional shopping centers and many shops. It also offers a complete range of cultural and sports facilities and services. Turned resolutely towards a listening approach and in a concern to search for the satisfaction of companies, the Directorate of Economy and Employment of the Town Hall is at your disposal to facilitate the life of all of your employees.

Inovel Parc: itinerary of a signature

Why this name and logo? In keeping with the City's motto "At the heart of innovations", the concept of INOVEL PARC is based on the spirit of innovation, technological, digital and research and development excellence. The history of the city and its economic basin. Behind this name, this signature, it is a matter of developing a strong image of the City, to enhance its visibility and attractiveness.

Following the logo of the city of Vélizy-Villacoublay, INOVEL PARC uses the same color codes. For better orientation, specific signage, including the establishment of totems that allows to identify and locate the different geographical areas of the pole (INOVEL PARC South, North and East).
